GENERATIONS OF EXPERTISE

We want to express our gratitude for your support during our 37-year history. You have enabled us to serve you continuously even during the most severe CoVid-19 restrictions. Our family has been bringing joy through awards and other engraving services for 3 generations.

Because quality was engraved in my DNA our transition during CoVid-19 has been less than other companies. We were using alcohol wipes and other cleaning procedures on our products. Our location made curbside service convenient to clients. We realize many existing and new controls will provide safety for our customers post CoVid-19.

We understand for the foreseeable future physical awards ceremonies may be problematic. We want you to be aware that we are shipping awards nationwide daily. If you need your awards individually packaged and shipped so you can have a virtual ceremony, we can do this locally or nationally. Never has the need been greater for employee recognition than now.

Thank you again for your incredible support especially in this unprecedented time.
