Who are we?

Tempe Trophy is a family owned and operated company representing three generations of expertise. For more than **30 years**, we have been the industry leader in awards and high durability signage. We offer high durability and high contrast signs, labels, panel tags, and industrial labels.

From simple address labels to complicated signs, **we are here to help**. If the utility company says engraved site maps are needed, **send us the plans**. If a hospital needs every switch plate engraved, **we can help**. If you need to color code the backup power system for a customer, **we've got you covered**. If you need to match a site's existing panel tags and labeling, just get us samples, **we'll match it**. If you simply want customer loyalty, let us design tags and weatherproof stickers with your logo. What ever you need, **let us help you get the job done right**.

What do you need?

Panel Tags: We use durable laminated plastics as well as solid metal in all of the standard colors used in industrial labeling. They come with our standard adhesive backing or mounting holes.

Engraved Site Maps: We can engrave site maps out of anodized aluminum, stainless steel, or high contrast plastic sign material.

Meter Tags: We offer brushed high durability engraved aluminum or laminated plastic tags usually with rivet holes.

Engraved Switch Plates: We use acid etching, sand carving, mechanical engraving, or laser etching to create long-lasting outlet covers.

Conduit Tags: We offer a variety of conduit, valve, and round tag in brass, stainless steel, aluminum and plastic engraved and marked depending on what is needed.

Custom ID Plates: These plates are made out of high durability anodized aluminum, aluminum, stainless steel, brass, or plastics depending on what is needed. They can be made with adhesive backing, screw or rivet holes, or magnetic backing.

Legend Plates: We offer a variety of stock and custom legend plates for labeling pushbuttons, selector switches, and indicator lights with engravable metal and plastic and in safety and high contrast colors.

Weatherproof Serviced By Stickers: We offer high durability weatherproof "Serviced by" stickers printed on outdoor rated brushed silver poly stickers customized for your company.
